

Joe Biden served as the 46th President of the United States from January 20, 2021, to January 20, 2025. His administration focused on combating the COVID-19 pandemic, implementing economic recovery measures, and addressing climate change. Notably, he signed the American Rescue Plan Act, a \$1.9 trillion stimulus package aimed at providing economic relief during the pandemic. Additionally, Biden's administration rejoined the Paris Agreement, signaling a renewed commitment to global climate action.
